

1. DETAILED DISSEMINATION PLAN

Identification number	Project Outputs/Outcomes	Activity, channel, tools	Students	Companies	Employees	HEI	Teaching staff	Social groups	Policy makers	Associations in WM	Project partners	Responsible organization / person	Contribution organization / person
1	1.1 Report on the existing study programmes												
2													
3													
4	1.2 Report on the existing capacity in the field of WM												
5													
6													
7	1.3 Report on Comparative analysis												
8													
9													
10	1.4 Report on defined WM-related knowledge, skills and competencies												
11													
12													
13	1.5 Report on agreed methodological approaches in creation of curricula, syllabi and training programmes												
14													
15													
16	1.6 Students industrial placement model												
17													
18													
19	2.1 Study visits												
20													
21													
22	2.2 WM Network among stakeholders												
23													
24													
25	2.3 Teaching/training materials												

Identification number	Project Outputs/Outcomes	Activity, channel, tools	Students	Companies	Employees	HEI	Teaching staff	Social groups	Policy makers	Associations in WM	Project partners	Responsible organization / person	Contribution organization / person
26													
27													
28													
29	2.4 Equipment purchased, installed												
30													
31													
32	2.5 Developed new syllabi and curricula												
33													
34													
35	3.1 Methodological approach in realization of curricula												
36													
37													
38	3.2 ICT-based platform for interactive student and employee training												
39													
40													
41	3.3 Portfolio of training courses utilizing the ICT platform												
42													
43													
44	3.4 ICT portal with database												
45													
46													
47	4.1 WM modules/ subjects into the undergraduate/postgraduate curricula/syllabi												
48													
49													
50	4.2 Student industrial placement model												
51													
52	4.3 Accredited master programme and												

Identification number	Project Outputs/Outcomes	Activity, channel, tools	Students	Companies	Employees	HEI	Teaching staff	Social groups	Policy makers	Associations in WM	Project partners	Responsible organization / person	Contribution organization / person
53	specialist program												
54													
55	5.2 Laboratories for environmental protection												
56													
57													
58	5.4 Training courses to industry partners and enterprises												
59													
60													
61	5.6 Training informal and deprived society groups												
62													
63													
64													
65	6.1 The quality control mechanisms
